

Information Security Management

ISO/IEC 27001 Foundation

ISO/IEC 27001 Introduction training course enables you to become familiar with the basic concepts of an Information Security Management System (ISMS).1

Certified ISO 27001 | Foundation

Duration: 2 Days

Pre-requisites: None

Delivery Methods: Classroom, Onsite and Virtual

Why should you attend?

ISO/IEC 27001 Foundation training allows you to learn the basic elements to implement and manage an Information Security Management System as specified in ISO/IEC 27001. During this training course, you will be able to understand the different modules of ISMS, including ISMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the “PECB Certified ISO/IEC 27001 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Who should attend?

- Individuals involved in Information Security Management
- Individuals seeking to gain knowledge about the main processes of Information Security Management Systems (ISMS)
- Individuals interested to pursue a career in Information Security Management

Learning objectives

- Understand the elements and operations of an Information Security Management System (ISMS)
- Acknowledge the correlation between ISO/IEC 27001, ISO/IEC 27002 and other standards and regulatory frameworks
- Understand the approaches, standards, methods and techniques used for the implementation and management of an ISMS

Educational approach

- Lecture sessions are illustrated with practical questions and examples
- Practical exercises include examples and discussions
- Practice tests are similar to the Certification Exam

Course agenda

- **Day 1:** Introduction to Information Security Management System (ISMS) concepts as required by ISO/IEC 27001
- **Day 2:** Information Security Management System requirements and Certification Exam

Examination

The “PECB Certified ISO/IEC 27001 Foundation” exam fully meets the requirements of the PECB Examination and Certification Programme (ECP). The exam covers the following competency domains:

- Domain 1: Fundamental principles and concepts of an Information Security Management System (ISMS)
- Domain 2: Information Security Management System (ISMS)
